Abhishek B

A passionate machine learning enthusiast, aspirant computer science engineer, full stack web developer, and open to investigating internship options.I'm looking for internship opportunities that will let me use my technical expertise in a practical situation and provide me with invaluable industrial experience.

PROJECTS
Farmo: A Full Stack Project for Farmers 📅 March, 2023

- Developed a responsive web platform that connects farmers with local markets, enhancing access to fair pricing and resources.
- Integrated real-time weather and crop management tools, improving decision-making and boosting crop yield efficiency.

Exam Monitoring AI using Flask 📅 June, 2023

- Developed an AI-driven monitoring system that tracks and logs the number of times a student turns their face during exams, enhancing proctoring accuracy.
- Implemented real-time facial recognition and analysis, providing detailed reports to ensure exam integrity and fairness

Smart Attendance System 📅 January, 2024

- Designed an automated attendance system using facial recognition, ensuring accurate and efficient tracking of student attendance.
- Integrated real-time data synchronization, allowing seamless updates to attendance records across multiple platforms

EDUCATION

Adichunchanagiri Institute of Technology

Visvesvaraya Technological University (VTU)
Dec 2021 - 2025(Present)
- Achieved an overall CGPA of 8.9 in Computer Science Engineering, demonstrating exceptional academic performance.

St Mary's College

Department of Pre University Education University (2020 - 2021)
- Demonstrated academic excellence in Biology, securing 95% in the Pre-University Certificate (PUC) examination.

Vasavi Vidyalaya

KSEEB University (2018 - 2019)
- Secondary School Certificate (SSC) with distinction in Mathematics and Science, securing 90% overall.

DECLARATION

I hereby declare that the above-mentioned information is true and correct to the best of my knowledge and belief.

SKILLS

Programming Languages
- C
- Python
- JavaScript
- PHP
- SQL

Framework/Libraries
- Flask
- Django
- Angular
- Bootstrap
- Tailwind CSS

Languages
- English (Fluent)
- Kannada (Fluent)
- Hindi (Proficient)
- Telugu(Fluent)

Certification/Short Courses
- IEEE India Philanthropy Certificate
- Postman API Fundamentals Student Expert Badge
- Full-Stack Web Development at YHills
